Common Levels of Support (CLS)
CLS is a method of ensuring the delivery of high quality Base Operation Services within the funds available to the Army
The Benefits
Quality
Services performed to the same degree of excellence across installations
Continuous improvement of services that enhance the well-being of Soldiers, civilians and their families
Consistency
Consistency in service delivery across Army installations worldwide - tailored to the unique mission, geography, or demographic needs of the region
Consistency in funding of strategically-identified services at installations
Predictability
Regardless of where a Soldier, civilian or family is transferred, CLS offers the security of predictability in Base Operation Services (BASOPS) - a transfer should not mean a step into the unknown in terms of service quality or availability
CLS Communication Support Tools

COMMON LEVELS OF SUPPORT-FREQUENTLY ASKED QUESTIONS
1. How will funds be allocated from HQ IMA to the garrisons? (Unfenced? By Management Decision and Execution Package (MDEP)? By Army Baseline Service? By Service Support Program (SSP)?)
ANSWER: Unfenced; however, the Garrison Commander will be held accountable to provide "green-level" Service Support Programs (SSPs) per the approved CLS for that fiscal year. Funds will be allocated by MDEP and Program Element (PE) cross-
CLS Latest News
